

# Plenary Session

THURSDAY, 19 OCTOBER

DAY

1

09:00 - 10:30

**ACCRA 23**

**GENERAL MEMBERSHIP MEETING  
OF THE REPRODUCTIVE HEALTH  
SUPPLIES COALITION**

# Opening Plenary

## Welcome, Introductions, and the State of the Coalition

Martyn Smith, Nènè Fofana-Cissé,  
Representative of the Health Minister of  
Ghana

# Thursday and Friday

## 19 OCTOBER - THURSDAY

**Session 1:** Opening Plenary: Welcome, Introductions, and the State of the Coalition

**Break:** 10:30-11am

**Session 2:** The Many Faces of Resilience

**Lunch:** 13:00-14:00pm

**Session 3:** RH Discovery: Parallel Sessions

**Session 4:** RH Discovery: Parallel Sessions

**Break:** 15:50-16:30 (Innovation Exposition)

**Session 5:** Working in Context to Re-design Our Strategy

**Opening Reception**

## 20 OCTOBER - FRIDAY

**Session 6:** The Future of Financing for RH Supplies

**Break:** 10:30–11am

**Session 7:** RH Discovery: Parallel Sessions

**Session 8:** RH Discovery: Parallel Sessions

**Lunch:** 13:00-14:00pm

**Session 9:** Opportunities for Equity and Regionalization in the RH Supply Chain

- Gender Equity and Social Inclusion Across the RH Supplies Landscape
- Opportunities for Regional Manufacturing in Sub-Saharan Africa

**Break:** 15:50-16:15

**Session 10:** Sustaining the Drumbeat for RH Supplies, Together

# Day 1 Schedule

#RHSUPPLIES2023

TIME	EVENT
09:00-10:30	Opening Plenary: Welcome, Introductions, and the State of the Coalition
10:30-11:00	Coffee Break
11:00-13:00	The Many Faces of Resilience
13:00-14:00	Lunch
14:00-15:45	RH Discovery: Parallel Sessions
15:50 - 16:30	Coffee Break - Innovation Exposition
16:30 - 18:00	Working in Context to Re-design Our Strategy
18:30 - 20:00	Reception

# Translations: AI & Live

- Available AI Translation (30 languages) via QR code and URL on table (audio option available via headphones)
  - We appreciate your patience and understanding as the AI and our glossary continue to learn and make improvements.
- Live English - French Translation Available

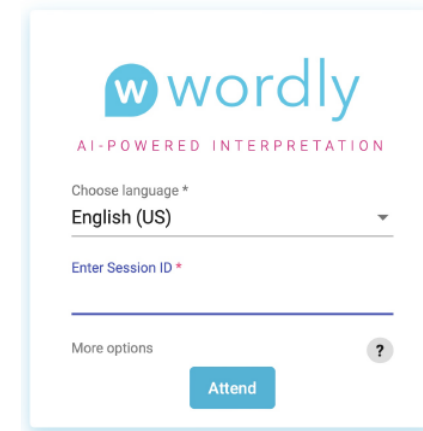

## Plenary 10.19 How to Use Live Translation

### Step 1

Scan QR Code or Go To:  
<https://attend.wordly.ai/join/DLMP-5124>

### Step 2

Choose Language  
Click Attend

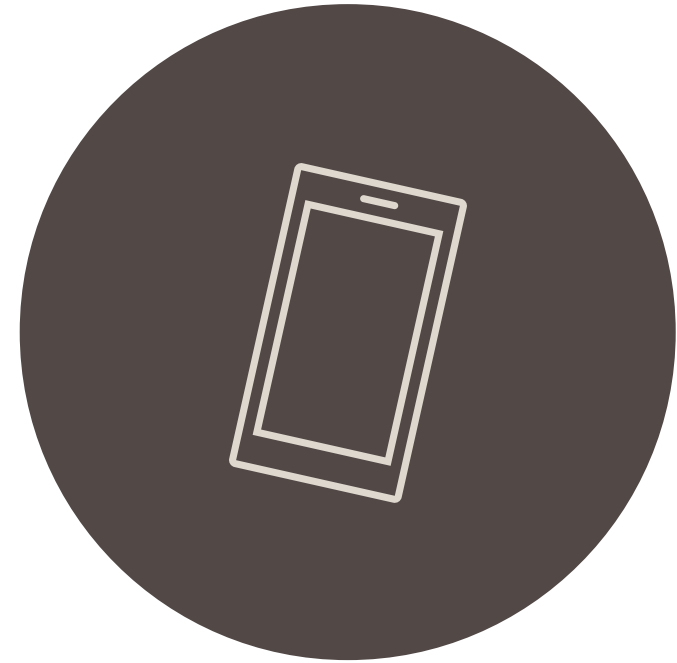

### Step 3

Read Captions on Device  
Use Headset for Audio

## Methodology - Interactive!

- We will be working together in a number of interactive and informative sessions
- We will be using Mentimeter from time to time, so you will need a device to connect and wifi (reminder of wifi code)
  - you can use your phone, computer, tablet
- Please move around the tables and take the opportunity to sit with new people!

## Table Introductions: What are your goals?

- 1 Take a moment to consider your goals for this meeting
- 2 Then introduce yourself to your table and share your goals, so we can all help each other attain them.
- 3 Start with the person who came the furthest to join the meeting and go clockwise from there.

10 minutes

Sing  
together!

# Yeh Kor Yeh Nim

*We are moving forward / forwards ever*

# Yeh nsan yekyi da (4 x)

*Never going back / backwards never*

# Dabi da (4 x)

*Never again*

# Nkunim Di (4 x)

*Victory*

10:30 - 11:00

**CH 20**  
**ACCRA 23**

**GENERAL MEMBERSHIP MEETING  
OF THE REPRODUCTIVE HEALTH  
SUPPLIES COALITION**

# Coffee Break

11:00 - 13:00

GENERAL MEMBERSHIP MEETING  
OF THE REPRODUCTIVE HEALTH  
SUPPLIES COALITION

# The Many Faces of Resilience

## Part I: Personal resilience

### Instructions:

Consider the question and share some stories at your table.

Take some notes on the strategies shared on the card, and we will collect and share these in the room after the session.

Table Exchange: What did we do during the Covid pandemic to enhance our personal and team resilience?

Share your personal stories at your table.

11:00 - 13:00

# strategy re-design

Reproductive Health  
**SUPPLIES COALITION**

# Creating a new ten-year Strategy to carry the RHSC beyond 2025 into the next decade

This is a **collaborative** process

**We want to hear from you!**

# Guiding Principles - RHSC strategy re-design

1

A highly participatory process that includes and reflects a broad range of voices

2

Deliberate and purposeful country engagement

3

A balanced process that includes a 'refresh' as well as opportunities for innovation

# Strategy re-design Advisory Group / Ambassadors

Name	Organization
David Sarley	Bill & Melinda Gates Foundation
Jackie Katana	Faith for Family Health Initiative
Aysha Al-Fekaiki	Foreign, Commonwealth and Development Office, UK
Meena Gandhi	Foreign, Commonwealth and Development Office, UK
Martin Gutierrez	Fòs Feminista
Claudette Diogo	Ghana Health Service
Thidiane Ndoye	GHSC-PSM
Julia Bunting	Independent
Halima Shariff	Independent
Manuelle Hurwitz	International Planned Parenthood Federation
Nathalie Kapp	International Planned Parenthood Federation

Name	Organization
Megan Christofield	Jhpiego
Rose Chikumbe	Ministry of Health, Malawi
Pamela Steele	Pamela Steele Associates
Mukul Taparia	Pregna International, Ltd
Gibran Abidin	PT Tunggal
Tanya Mahajan	The Pad Project
Federico Tobar	UNFPA Supplies
Yann Lacayo	UNFPA Supplies
Alan Bornbusch	United States Agency for International Development
Andrea Bare	United States Agency for International Development
Beth Yeager	United States Pharmacopeia

# From the Contextual Analysis

“

“Seismic shifts in the social, political, and economic environment laid bare the fragility of the social contract. How are we as a global community going to heal and get back to what matters?”

“

“I go to a lot of meetings, but very few are dedicated to supplies. I think it's really important to put supplies at the center of programs, because without supplies we will not be able to achieve our goals.”

**Please complete the online survey to help  
inform the strategy re-design!**

**Available online:  
[www.rhsupplies.org/strategy-redesign](http://www.rhsupplies.org/strategy-redesign)**

## Appreciative Inquiry - 4-D Sequence

1. Discovery

2. Dream

3. Design

4. Destiny

- For this sequence, we will be working with other at our tables in 4 rounds of **15 minutes each**.
- Each round has a dedicated question, that we will take in order, and a template to take some notes on your table's ideas and reflections.
- We will collect the templates after the session and they will serve as a valuable input to the RHSC strategy re-design process - thank you!

# Round 1

1. Discovery

2. Dream

3. Design

4. Destiny

● What are some peak moments in the life of the Coalition (and its people)?

*Highlight aspects of the history that you value and want to preserve in the future.*

## Round 2

1. Discovery

2. Dream

3. Design

4. Destiny

What is the future of RHSC calling for? What dreams, wishes, hopes and aspirations do we have for our Coalition (and ourselves)?

*Be bold, challenging, realistic - feel free to challenge the status quo.*

## Round 3

1. Discovery
2. Dream
3. Design
4. Destiny

What actions can support or carry forward the shared dream and ambitious propositions made?

# Round 4

1. Discovery
2. Dream
3. Design
4. Destiny

This includes experimenting, learning, adjusting and integrating. How can we implement and sustain the changes we propose (Is there an experiment we could run?)

# The Future of Financing for RH Supplies

Setting the Stage: Resilience in Financing  
for RH Supplies & the Importance of  
Diversification

Let's start with a Quiz!

Ntindah Luembe, Michelle Weinberger

Instructions: You will have 10 minutes to work  
with others at your table to take the quiz.  
Then we will score them together. Prizes for  
the table that comes in first place!!

# QUIZ

1

Among women who source their contraceptives from the **public sector** across low- and middle-income countries what share are using a long-acting or permanent method?

a. 22%

b. 42%

c. 52%

d. 72%

# QUIZ

1

Among women who source their contraceptives from the **public sector** across low- and middle-income countries what share are using a long-acting or permanent method?

a. 22%

b. 42%

c. 52%

d. 72%

# QUIZ

2

Among women who source their contraceptives from the private sector across low- and middle-income countries what share are using a short-term method?

a. 30%

b. 50%

c. 70%

d. 80%

# QUIZ

2

Among women who source their contraceptives from the private sector across low- and middle-income countries what share are using a short-term method?

a. 30%

b. 50%

c. 70%

d. 80%

# QUIZ

3

In low-income countries, it is estimated that 44% of contraceptive supply costs come from users purchasing supplies from the private sector. By contrast, what share of supply costs are estimated to come from private out-of-pocket expenditure in upper-middle-income countries?

a. 44%

b. 55%

c. 66%

d. 88%

# QUIZ

3

In low-income countries, it is estimated that 44% of contraceptive supply costs come from users purchasing supplies from the private sector. By contrast, what share of supply costs are estimated to come from private out-of-pocket expenditure in upper-middle-income countries?

a. 44%

b. 55%

c. 66%

d. 88%

# QUIZ

4

How much do women pay on average for a year's supply of pills in the private sector? Draw lines to match the average annual costs on the left to the income groups on the right. You will get one point for each correct match

\$66

\$22

\$11

Low-income

Lower-middle-income

Upper-middle-income

# QUIZ

# QUIZ

5

During COVID-19 the total amount that donors spent on contraceptive commodities declined.

a. TRUE

b. FALSE

# QUIZ

5

During COVID-19 the total amount that donors spent on contraceptive commodities declined.

a. TRUE

b. FALSE

# QUIZ

6

What was the total value of donor-procured contraceptive commodities received in countries in 2022?

a. \$101 million

b. \$201 million

c. \$301 million

d. \$501 million

# QUIZ

6

What was the total value of donor-procured contraceptive commodities received in countries in 2022?

a. \$101 million

b. \$201 million

c. \$301 million

d. \$501 million

# QUIZ

7

How much do priority maternal health drugs cost? Draw lines to match the drugs on the left to the unit costs on the right. You will get one point for each correct match.

Iron and folic acid

\$3.96

Hydralazine

\$0.48

Magnesium sulfate

\$0.23

Oxytocin

\$0.14

Misoprostol

\$0.003

# QUIZ

7

How much do priority maternal health drugs cost? Draw lines to match the drugs on the left to the unit costs on the right. You will get one point for each correct match.

Iron and folic acid

Hydralazine

Magnesium sulfate

Oxytocin

Misoprostol

\$3.96

\$0.48

\$0.23

\$0.14

\$0.003

# QUIZ

8

If current coverage of key maternal health interventions remained at today's levels the seven priority maternal health drugs would cost \$110 million across low- and middle-income countries in 2030. If coverage were to increase, as projected in LEAP, how much more funding would be needed to purchase these drugs in 2030?

a. \$5 million

b. \$56 million

c. \$160 million

d. \$1.2 billion

# QUIZ

8

If current coverage of key maternal health interventions remained at today's levels the seven priority maternal health drugs would cost \$110 million across low- and middle-income countries in 2030. If coverage were to increase, as projected in LEAP, how much more funding would be needed to purchase these drugs in 2030?

a. \$5 million

b. \$56 million

c. \$160 million

d. \$1.2 billion

# QUIZ

9

How much do menstrual health products cost? Draw lines to match the annualized cost for a menstruator using disposable products on the left to the income groups on the right. You will get one point for each correct match.

\$19.69

Low-income

\$21.12

Lower-middle-income

\$27.19

Upper-middle-income

# QUIZ

9

How much do menstrual health products cost? Draw lines to match the annualized cost for a menstruator using disposable products on the left to the income groups on the right. You will get one point for each correct match.

\$19.69

\$21.12

\$27.19

Low-income

Lower-middle-income

Upper-middle-income

# QUIZ

10

If a larger share of menstruators used reusable menstrual health products (cups, reusable pads) the total amount spent on purpose-made menstrual health products would increase.

a. TRUE

b. FALSE

# QUIZ

10

If a larger share of menstruators used reusable menstrual health products (cups, reusable pads) the total amount spent on purpose-made menstrual health products would increase.

a. TRUE

b. FALSE

# QUIZ

BONUS: How many countries are included in the LEAP report? The closest answer wins!
